An act to amend Sections 1653.5, 12800, 12801, 12801.5, ~~12814.5, 14900, 14900.1, 14901, and 14902~~ of and 13000 of, and to add Sections 12800.8, 12800.85, 12800.9, 12801.2, 12801.9, and 13003.5 to, the Vehicle Code, relating to vehicles.

LEGISLATIVE COUNSEL'S DIGEST

SB 60, as amended, Cedillo. Vehicles: social security account number: driver's licenses: identification cards.

(1) Under existing law, every form prescribed by the Department of Motor Vehicles for use by an applicant for the issuance or renewal by the department of a driver's license or identification card is required to

contain a section for the applicant's social security account number. Existing law requires an applicant who submits one of those forms to the department to furnish the appropriate number in the space provided. Existing law prohibits the department from completing an application that does not include the applicant's social security account number. Existing law prohibits the department from including an applicant's social security account number on a driver's license, identification card, registration, certificate of title, or any other document issued by the department. Existing law declares that information obtained by the department regarding an applicant's social security account number is not a public record and prohibits the department from disclosing that information except in specified circumstances.

This bill would require those forms to contain a section for the applicant's social security account number, federal *individual* taxpayer identification number, or other identifier or number that is deemed appropriate by the department. The bill would allow an applicant for a driver's license *or identification card* who ~~does not possess~~ *is presently not eligible for* a social security account number, but who submits a specified affidavit signed under penalty of perjury, and a federal *individual* taxpayer identification number or other number or identifier that is deemed appropriate by the department, to submit those documents to the department in lieu of a social security account number, and those documents would be acceptable until the applicant obtains a social security account number. The bill would require that applicant upon obtaining a social security account number to provide that social security account number to the department. Because the bill would expand the scope of the crime of perjury, the bill would impose a state-mandated local program.

The bill would also prohibit the department from including an applicant's federal *individual* taxpayer identification number on a driver's license, identification card, registration, certificate of title, or any other document issued by the department. The bill would declare that information obtained by the department regarding an applicant's federal *individual* taxpayer identification number is not a public record and would prohibit the department from disclosing that information, except in specified circumstances.

(2) Existing law requires the department to require every applicant for an original driver's license or identification card to submit satisfactory proof that the applicant's presence in the United States is authorized under federal law and prohibits the department from issuing

a license or card to a person who does not do so. Existing law requires the department to adopt regulations, including procedures for verifying citizenship or legal residency of applicants for driver's licenses and identification cards.

This bill would repeal those requirements.

~~(3) Existing law imposes fees upon the issuance, renewal, duplication, or replacement of a driver's license, identification card, or senior citizen identification card.~~

~~This bill would increase the amount of these fees, except as to the fees charged for an original or replacement senior citizen identification card, which the bill would require to be issued free of charge.~~

~~(4) —~~

The bill would, however, require the department to require an applicant for an original driver's license or identification card to present an identification document acceptable to the department, for the purpose of establishing identity prior to completing that application. The bill would require an applicant who furnishes the department with his or her federal individual taxpayer identification number to present to the department a birth certificate or record of birth, determined to be acceptable by the department, issued by a foreign jurisdiction, and, in addition, one other specified document determined acceptable by the department. The bill would permit an applicant who does not possess a birth certificate or record of birth to instead present 2 or more of those specified documents.

The bill would require an application for a commercial driver's license to include the applicant's social security account number.

The bill would require all applications for an original or renewal driver's license to contain documentation acceptable to the department showing the applicant is presently residing in this state.

(3) Under existing law, every application for an original or renewal of a driver's license or identification card is required to contain, among other things, a legible print of the thumb or finger of the applicant.

This bill would require the department to create a biometric identifier, as defined, from the scan or print of an applicant's thumbprint or fingerprint and perform a process of authentication, as defined, in order to ensure that each individual is issued only one driver's license or identification card. The bill would allow the department to engage in biometric authentication only if certain conditions are met. The bill would impose various duties on the department with regards to adopting and implement procedures for restricting access to

information collected pursuant to these provisions, maintaining records of requests for access, and posting notices regarding these procedures. The bill would authorize the department to produce information collected under these provisions pursuant to a court ordered subpoena or summons. The bill would authorize the department to transmit the information collected under these provisions to 3rd parties with whom the department has a bona fide business relationship in order to carry out the purposes of these provisions if certain specified conditions are met. The bill would impose various duties on the 3rd party to adopt procedures restricting access to biometric identifiers. Because a violation of this provision would constitute an infraction under existing provisions of law, this bill would impose a state-mandated local program by expanding the definition of a crime. The bill would require the department to impose procedures restricting access to these identifiers and to impose various civil penalties on any person who negligently or willfully violates these provisions, and would authorize any person aggrieved by a violation of these provisions to seek civil remedies. The bill would require the Bureau of State Audits to monitor the use of biometric data to ensure compliance with these provisions and to submit, on April 1, 2006, and each April 1 thereafter, an evaluation and recommendations to the Judiciary Committees of the Legislature.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 1653.5 of the Vehicle Code is amended
 2 to read:

13 SEC. 3. *Section 12800.8 is added to the Vehicle Code, to read:*

14 *12800.8. The department shall create a biometric identifier*

22 *following meanings:*

23 (a) *"Biometric identifier" means a unique digital code created*
24 *from a scan or print of a thumb or finger and processed by a*
25 *cryptographically secure one-way function conforming to the*

29 (b) *"Authentication" means the automated comparison of one*
30 *biometric identifier to all or any other biometric identifiers held*

36 *biometric authentication performed pursuant to Sections 12800.8*
37 *and 13003.5 shall be kept confidential, and shall solely be used to*
38 *ensure that each individual is issued only one driver's license or*
39 *identification card. The fingerprints or thumbprints collected*
40 *pursuant to subdivision (c) of Section 12800 and subdivision (c)*

1 of Section 13000 shall be used only in the manner that they were
2 being used on August 1, 2003, or to effectuate Sections 12800.8
3 and 13003.5.

4 (b) The department shall engage in biometric authentication
5 only if all of the following conditions are met:

6 (1) The scan of the thumb or finger collected pursuant to
7 subdivision (c) of Section 12800 and subdivision (c) of Section
8 13000 shall be converted to a biometric identifier as soon as
9 possible after collection. The department shall use technology that
10 ensures that the biometric identifier cannot be compared to a copy
11 or reproduction of biometric information not obtained directly
12 from the individual by the department.

13 (2) Notwithstanding any other provision of law, the department
14 shall protect all biometric identifiers against unauthorized access
15 and use and shall store the biometric identifier only in an
16 encrypted database, and that encryption shall conform to the NIST
17 Advanced Encryption Standard (Federal Information Processing
18 Standard 197) with 256-bit keys, to provide 128-bit security. Any
19 database containing a biometric identifier, scan, or other data
20 derived from a thumb or fingerprint, shall not contain other
21 identifying information concerning the individual. The
22 department shall use this database only to determine whether,
23 when an individual seeks a driver's license or identification card,
24 that individual's biometric identifier is already in the database.

25 (3) Notwithstanding any other provision of law, except as
26 otherwise provided in subdivisions (c) and (d), the department
27 shall not sell, transmit, exchange, match, or otherwise provide to
28 third parties including, but not limited to, federal, state, or local
29 governmental agencies any biometric identifiers, or data
30 containing the biometric identifiers, in the department's
31 possession.

32 (4) The department shall adopt and implement additional
33 procedures restricting access to biometric identifiers, and these
34 procedures shall be designed to secure that data from tampering
35 and unauthorized access. These procedures shall include
36 administrative, technical, and physical safeguards to protect
37 against any reasonably anticipated threats or hazards to the
38 privacy of the information, and unauthorized uses or disclosures
39 of the information. These procedures shall include a substantial
40 civil penalty for each instance any person is found to have willfully

1 or negligently violated this section. The department shall reassess
2 on an annual basis the reasonableness of its protections as well as
3 the protections employed by third parties with whom the
4 department contracts in light of technological developments and
5 make reasonable improvements or contractual changes.

6 (5) The department shall adopt and use a technology system
7 that ensures that the biometric identifiers created by the
8 department under this section can be authenticated only with the
9 biometric identifiers stored by the department.

10 (6) At each location where thumbprints or fingerprints are
11 gathered, the department shall prominently post notices
12 explaining that the prints are gathered to create a database for the
13 department to ensure that each individual is issued only one
14 driver's license or identification card and third parties including
15 federal, state, and local government agencies may have access to
16 the data only pursuant to a court order or other law. The notices
17 shall also state that biometric identifiers cannot be sold,
18 transmitted, exchanged, matched, or otherwise provided to third
19 parties by the department, except pursuant to a court order or
20 other law.

21 (7) The department shall establish a process whereby an
22 individual may notify the department of suspected errors in his or
23 her record, including any biometric identifiers attributed to that
24 person. The department shall investigate and correct any errors
25 discovered. This process shall include a procedure for appeals
26 from department determinations.

27 (c) Nothing in subdivision (b) shall prohibit the authority of the
28 department to authenticate an individual biometric identifier in a
29 civil case pursuant to a court ordered subpoena or summons or
30 upon the request of a law enforcement official pursuant to a
31 warrant issued by a court in relation to an ongoing criminal
32 investigation. The biometric identifier shall not be used for a
33 purpose other than that specified in the court order or subpoena.
34 In any case, the biometric identifier shall not be transferred,
35 electronically or otherwise, by the department, but may be
36 authenticated by the department. A civil subpoena or summons is
37 subject to an order protecting the confidentiality of the biometric
38 identifier.

39 (d) Any third party including, but not limited to, a federal, state,
40 or local governmental agency that obtains a biometric identifier

1 or biometric data shall not use those biometric identifiers or data
2 or any information derived from them for any purpose other than
3 for which it was originally sought. Third parties, including, but not
4 limited to, federal, state, or local governmental agencies shall
5 destroy the biometric identifier and data after completion of the
6 purpose for which it was obtained, and the department shall
7 establish a procedure to ensure compliance with these
8 requirements.

9 (e) Nothing in this section shall be construed to prevent
10 biometric identifiers from being transmitted electronically through
11 or to third parties with whom the department has a bona fide
12 contractual business relationship solely to ensure that each
13 applicant is issued only one driver's license or identification card,
14 provided that all of the following conditions are met:

15 (1) The transmission is for no other purpose.

16 (2) The third party adopts procedures restricting access to
17 biometric identifiers, and these procedures are designed to secure
18 that data from tampering and unauthorized access. These
19 procedures shall include administrative, technical, and physical
20 safeguards to protect against any reasonably anticipated threats
21 or hazards to the privacy of the information, and unauthorized uses
22 or disclosures of the information. Biometric data shall be
23 protected from unauthorized use in accordance with the same
24 standards that apply to the department under this article.

25 (3) The third party does not transmit the biometric identifier to
26 any other person or agency, except to the extent required to
27 complete the biometric authentication.

28 (f) Any civil penalty established under this section may be
29 assessed and recovered in a civil action in the name of the people
30 of the State of California by the Attorney General, city attorneys
31 and district attorneys, or any person aggrieved by the conduct. If
32 the Attorney General brings this action, one-half of the penalty
33 collected shall be paid to the treasurer of the county in which the
34 judgment was entered.

35 (g) In addition to civil penalties and any other civil remedy that
36 may be provided by law, any person aggrieved by a violation of this
37 section may seek and obtain injunctive relief and recover damages,
38 and the court shall award reasonable attorney's fees and court
39 costs to a prevailing plaintiff.

(h) *The department shall maintain a record of each request for access to biometric identifiers including the name of the individual, the agency or entity seeking access, the reason for which the access was sought, an explanation of whether the request was granted and what, if any, data was provided. The department shall report this information on an annual basis to the Bureau of State Audits. The Bureau of State Audits shall monitor the use of biometric data to ensure compliance with this section and the effectiveness of this section in protecting consumers, and submit on April 1, 2006, and each April 1, thereafter, a report, based on an audit of the privacy and security of biometric identifiers and databases, containing an evaluation and recommendations to the Judiciary Committees of the Legislature.*

SEC. 6. Section 12801 of the Vehicle Code is amended to read:

12801. (a) (1) The department shall require an application for the issuance or renewal of a driver's license *or identification card* by the department to contain one of the following:

(A) The applicant's social security account number.

(B) Subject to paragraph (2), a federal *individual* taxpayer identification number.

(C) Subject to paragraph (2), a number or identifier that is determined to be appropriate by the department.

(2) ~~(A)~~ If an applicant signs an affidavit under penalty of perjury attesting that he or she ~~does not possess~~ *is presently not eligible for* a social security account number and submits a federal *individual* taxpayer identification number, or other number or identifier that is deemed appropriate by the department, the submission of those documents shall be acceptable to the department in lieu of a social security account number until the applicant obtains a social security account number. Upon obtaining a social security account number, the applicant shall provide the department that number under paragraph (1).

~~(B) The department shall obtain the consent of an applicant who submits a federal taxpayer identification number under subparagraph (A) in order for the department to verify the applicant's full name, identification number, date of birth, and sex with the federal Internal Revenue Service or the Franchise Tax Board. Any information obtained by the department under this paragraph shall be used solely for the purposes of verifying the~~

~~1 authenticity of an applicant's federal taxpayer identification
2 number in determining eligibility for a driver's license or
3 identification card.~~

(3) The department shall not complete an application for the issuance or renewal by the department of a driver's license *or identification card* that does not include one of the following:

(A) The applicant's social security account number.

(B) Subject to paragraph (2), a federal *individual* taxpayer identification number.

(C) Subject to paragraph (2), a number or identifier that is determined to be appropriate by the department.

(b) Notwithstanding any other law, the social security number or federal *individual* taxpayer identification number collected on a driver's license *or identification card* application shall not be displayed on the driver's license *or identification card*, including, but not limited to, inclusion on a magnetic tape or strip used to store data on the license.

~~SEC. 4.—~~

SEC. 7. Section 12801.2 is added to the Vehicle Code, to read:

12801.2. (a) The department shall require every applicant for an original driver's license or identification card to present an identification document acceptable to the department, for purpose of establishing identity prior to completing an application.

(b) Any applicant who furnishes the department with his or her federal individual taxpayer identification number pursuant to Section 1653.5, shall present to the department a birth certificate or record of birth, determined to be acceptable by the department, issued by a foreign jurisdiction, and, in addition, one of the following documents, determined acceptable by the department:

(4) A driver's license, bearing the applicant's photograph, issued by a foreign jurisdiction.

(5) A driver's license, bearing the applicant's photograph, issued by another state, possession or territory of the United States.

1 (c) The department may, through regulations, accept
2 documents in addition to those specified in subdivision (b),
3 provided that those additional documents accurately confirm the
4 identity of the applicant.

5 (d) An applicant who does not possess a birth certificate or
6 birth record from his or her country of origin may present two or
7 more of the documents specified in subdivision (b) or referenced
8 in subdivision (c).

9 (e) An applicant who presents to the department a birth
10 certificate or record of birth issued by his or her country of origin,
11 but who does not possess any of the other documents specified in
12 subdivision (b), may present, in addition to the birth certificate, a
13 letter from the Consulate General of the applicant's home country
14 that confirms the authenticity of the birth record.

15 SEC. 8. Section 12801.5 of the Vehicle Code is amended to
16 read:

17 12801.5. (a) Notwithstanding Section 40300 or any other
18 provision of law, a peace officer ~~shall~~ may not detain or arrest a
19 person solely on the belief that the person is an unlicensed driver,
20 unless the officer has reasonable cause to believe the person
21 driving is under the age of 16 years.

22 (b) The inability to obtain a driver's license does not abrogate
23 or diminish in any respect the legal requirement of every driver in
24 this state to obey the motor vehicle laws of this state, including
25 laws with respect to licensing, motor vehicle registration, and
26 financial responsibility.

27 ~~SEC. 5. Section 12814.5 of the Vehicle Code is amended to~~
28 ~~read:~~

~~(d) The department shall charge a fee of twenty-four dollars (\$24) for each noncommercial license renewal and thirty-four dollars (\$34) for each commercial license or noncommercial firefighter license renewal granted pursuant to subdivision (a) which expires on the fifth birthday following the date of the application.~~

~~(e) The department shall notify each licensee granted a renewal by mail pursuant to this section of major changes to the Vehicle Code affecting traffic laws occurring during the prior five-year period.~~

~~(f) The department shall not renew a driver's license by mail if the license has been previously renewed by mail two consecutive times for five-year periods.~~

~~SEC. 6. Section 14900 of the Vehicle Code is amended to read:~~

~~14900. (a) Upon application for an original class C or M driver's license, there shall be paid to the department a fee of twenty-four dollars (\$24) for a license that will expire on the fifth birthday of the applicant following the date of the application. The payment of the fee entitles the person paying the fee to apply for a driver's license and to take three examinations within a period of 12 months from the date of the application or during the period that an instruction permit is valid, as provided in Section 12509.~~

~~(b) In addition to the application fee specified in subdivision (a), a person who fails to successfully complete the driving skill test on the first attempt shall be required to pay an additional fee of five dollars (\$5) for each additional driving skill test administered under that application.~~

~~(c) The fee specified in subdivision (b) shall be collected in conjunction with any application submitted on or after July 1, 2003.~~

~~SEC. 7. Section 14900.1 of the Vehicle Code is amended to read:~~

~~14900.1. (a) Except as provided in Sections 15250.6 and 15255.1, upon application for the renewal of a driver's license or~~

~~for a license to operate a different class of vehicle, there shall be paid to the department a fee of twenty four dollars (\$24) for a license that will expire on the fifth birthday of the applicant following the date of the application. The payment of the fee entitles the person paying the fee to apply for a driver's license and to take three examinations within a period of 12 months from the date of the application or during the period that an instruction permit is valid, as provided in Section 12509.~~
